

Works Notification

13 July 2026

Commencement of foundation works and piling at the Royal Perth Hospital Emergency Department Expansion site.

What we are doing

- Piling works are commencing to establish the building foundation as the first step in the construction of the new Royal Perth Hospital Emergency Department Expansion.

When

- 23 July 2026 – late September 2026.
- 7am to 7pm, Monday to Saturday.

Where

- The works will take place at the Royal Perth Hospital Emergency Department Expansion site on the north-western end of the Royal Perth Hospital campus on Wellington Street (S Block).

BUILDING FOR *TOMORROW!*

What to expect

- Piling works involve the construction and embedding of piles, which are the deep, vertical, steel reinforced concrete columns and sheets, that form the building's substructure. Tall piling rigs will be visible onsite during the works.
- A higher volume of work vehicles will enter and exit the site.
- Piling rigs will enter the site via Moore Street, with no impacts to Wellington Street.
- Nearby residents may experience intermittent noise from the works.
- Vibration, noise and dust monitors are installed at multiple locations surrounding the project site. Any readings that exceed approved levels will automatically alert site management, triggering a review.
- We are working closely with Royal Perth Hospital facilities management and engaging with clinical teams to ensure impact on hospital operations and patient care is minimal.

Who to contact

- If you would like to speak to a member of our project team, call 9326 3666 or email info@omid.wa.gov.au.
- Updates and project information are available at <https://omid.wa.gov.au/projects/health-metropolitan/royal-perth-hospital-emergency-department>
- We appreciate your understanding during this period and remain committed to minimising impacts wherever possible.
