

Works Notification

11 May 2026

Main demolition works at the Royal Perth Hospital Emergency Department Expansion Project site.

What we are doing

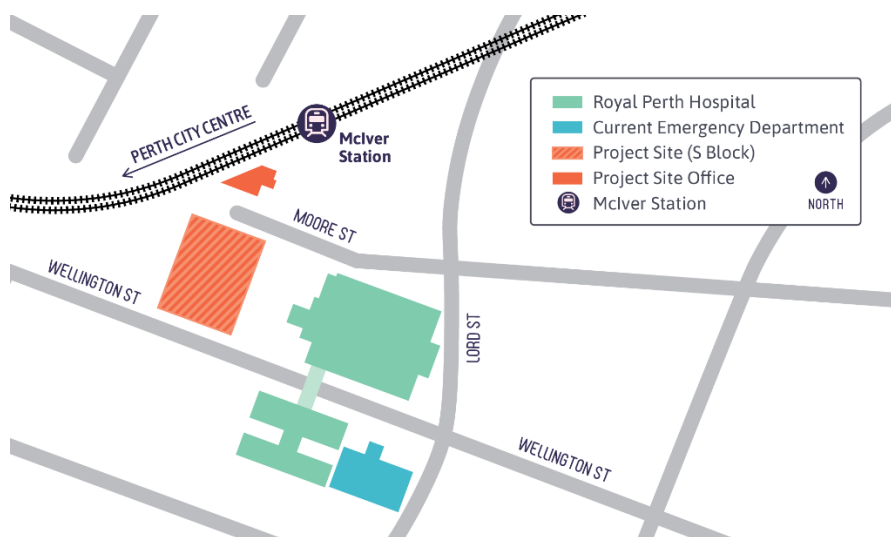

- Controlled demolition of all existing building structures at the S Block site to prepare the site for construction of the new Royal Perth Hospital Emergency Department.
- Structures will be dismantled in a staged and controlled manner using specialised machinery, including small and large excavators and bobcats.
- Demolition waste and materials will be progressively removed from the site.

When

- 11 May 2026 – June 2026.
- 7am to 7pm, Monday to Saturday.

Where

- The works will take place at S Block, the Royal Perth Hospital Emergency Department Expansion Project Site.

BUILDING FOR *TOMORROW.*

Figure 1 Royal Perth Hospital Emergency Department Expansion Project Site

What to expect

- An increase in work vehicles entering and exiting the site.
- Nearby residents may experience intermittent noise from the works.
- Vibration, noise, and dust monitors are installed at multiple locations surrounding the project site. Any readings that exceed approved levels will automatically alert site management, triggering a review.
- We are working closely with Royal Perth Hospital facilities management and engaging with clinical teams to ensure impact on hospital operations and patient care is minimal.
- During the demolition phase, site access and materials deliveries between 4pm and 7pm will be restricted to the Wellington Street entrance to allow homeless services on Moore Street to continue operating as usual. There is no change to access or operations for the Moore Street service providers.

Who to contact

- If you would like to speak to a member of our project team, call 9326 3666 or email info@omid.wa.gov.au.
- Updates and project information is available at www.buildingfortomorrow.wa.gov.au/projects/royal-perth-hospital/.
- We appreciate your understanding during this period and remain committed to minimising impacts wherever possible
