

New Women and Babies Hospital Project

Osborne Park Hospital Precinct

September 2025

Osborne Park Hospital is undergoing a major transformation as part of the New Women and Babies Hospital Project, with the expansion of maternity, gynaecology and neonatology services, birthing suites and theatres.

Works update

The temporary car parks adjacent to Civic Place in Stirling are complete and now open for staff and visitors. This has allowed for the Managing Contractor to take site possession at the corner of Osborne Place and Limosa Close, ahead of the hospital expansion.

Pictured above: the finishing touches being made to temporary car park 1.

What's new in September?

Establishment of construction site compound

- The construction site compound will be established at the corner of Limosa Close and Osborne Place, Stirling. As part of this work, installation of hoarding (steel fencing) will commence along Limosa Close and Osborne Place.
- The ongoing establishment of site offices and amenities will continue, including earthworks and service connections (power, water, etc.)
- A waste facility currently located within the construction compound will be relocated.
- Fire hydrant pressure testing will take place, which may cause some water runoff on to nearby roads south of the hospital.
- A temporary internal access road will be constructed, linking Limosa Close to the hospital.
- Locating existing services are continuing, with service diversions planned to commence later this month.

What to expect

- General construction noise and vibration during some activities.
- Construction vehicles and equipment including, but not limited to, heavy vehicles, survey equipment, compactor, hand tools (powered and non-powered).
- Traffic management to safely assist our staff, motorists, pedestrians, and cyclists where required.
- Mitigation measures will be in place to minimise impacts where feasible
 - noise and vibration monitoring
 - water carts and hoses for dust suppression.

Feedback

For more information about the project please visit womenandbabieshospital.wa.gov.au or www.buildingfortomorrow.wa.gov.au/projects/new-women-and-babies-hospital-project.

If you would prefer to receive updates by email, please contact womenandbabies@omid.wa.gov.au and we will add you to the distribution list.

Please go to www.oph.health.wa.gov.au/Patients-and-Visitors/expansion if you are planning to visit Osborne Park Hospital and would like to know more about where to park.

Thank you for your cooperation while we complete this essential work.
