

# Australian Hockey Centre Project

## WORKS NOTIFICATION

### Construction update – February 2026

The Australian Hockey Centre project is an exciting development that will provide world-class facilities for Australia's top hockey players while also providing facilities for grassroots and local community hockey.

Once complete, the Australian Hockey Centre facility will maintain the Hockey Australia High Performance Program with Hockey Western Australia and Hockey Australia both remaining as tenants.

The new facility will comprise of a new stadium with capacity for 10,000 spectators in event mode, four outdoor pitches and a new indoor hall hosting two indoor courts, space for up-to 400 spectators and administration offices.

On-site works will commence on 9 February 2026, starting with contractor mobilisation, establishment of site offices, tree clearing, demolition and early construction activities. To help improve access to our car parks, roadworks will soon begin on a new entry from Hayman Road which may cause some temporary disruptions.

Works will be conducted within the permitted construction hours of 7am to 7pm, Monday to Saturday. These activities will be managed in accordance with the approved Construction Management Plan and Traffic Management Plan to ensure safety and minimise impacts.

If you require further information or wish to talk to a team member, please contact us on 9326 3666, email [info@OMID.wa.gov.au](mailto:info@OMID.wa.gov.au) or visit the project website at [buildingfortomorrow.wa.gov.au](http://buildingfortomorrow.wa.gov.au)

We appreciate your understanding during this period and remain committed to minimising impacts wherever possible and keeping you updated.

Thank you for your patience and support as we deliver this project.
